

4 July 1830

Dear Sir

I think it would be worth  
while to see Mrs Larpent's plays,  
but I suppose that most of  
them must be in my possession.  
and I do not care about the  
MS notes and anecdotes much.  
There may be some very rare  
and old plays — but till you  
see them it is impossible to  
judge, therefore I hope you  
will look at them and let me  
know your opinion.

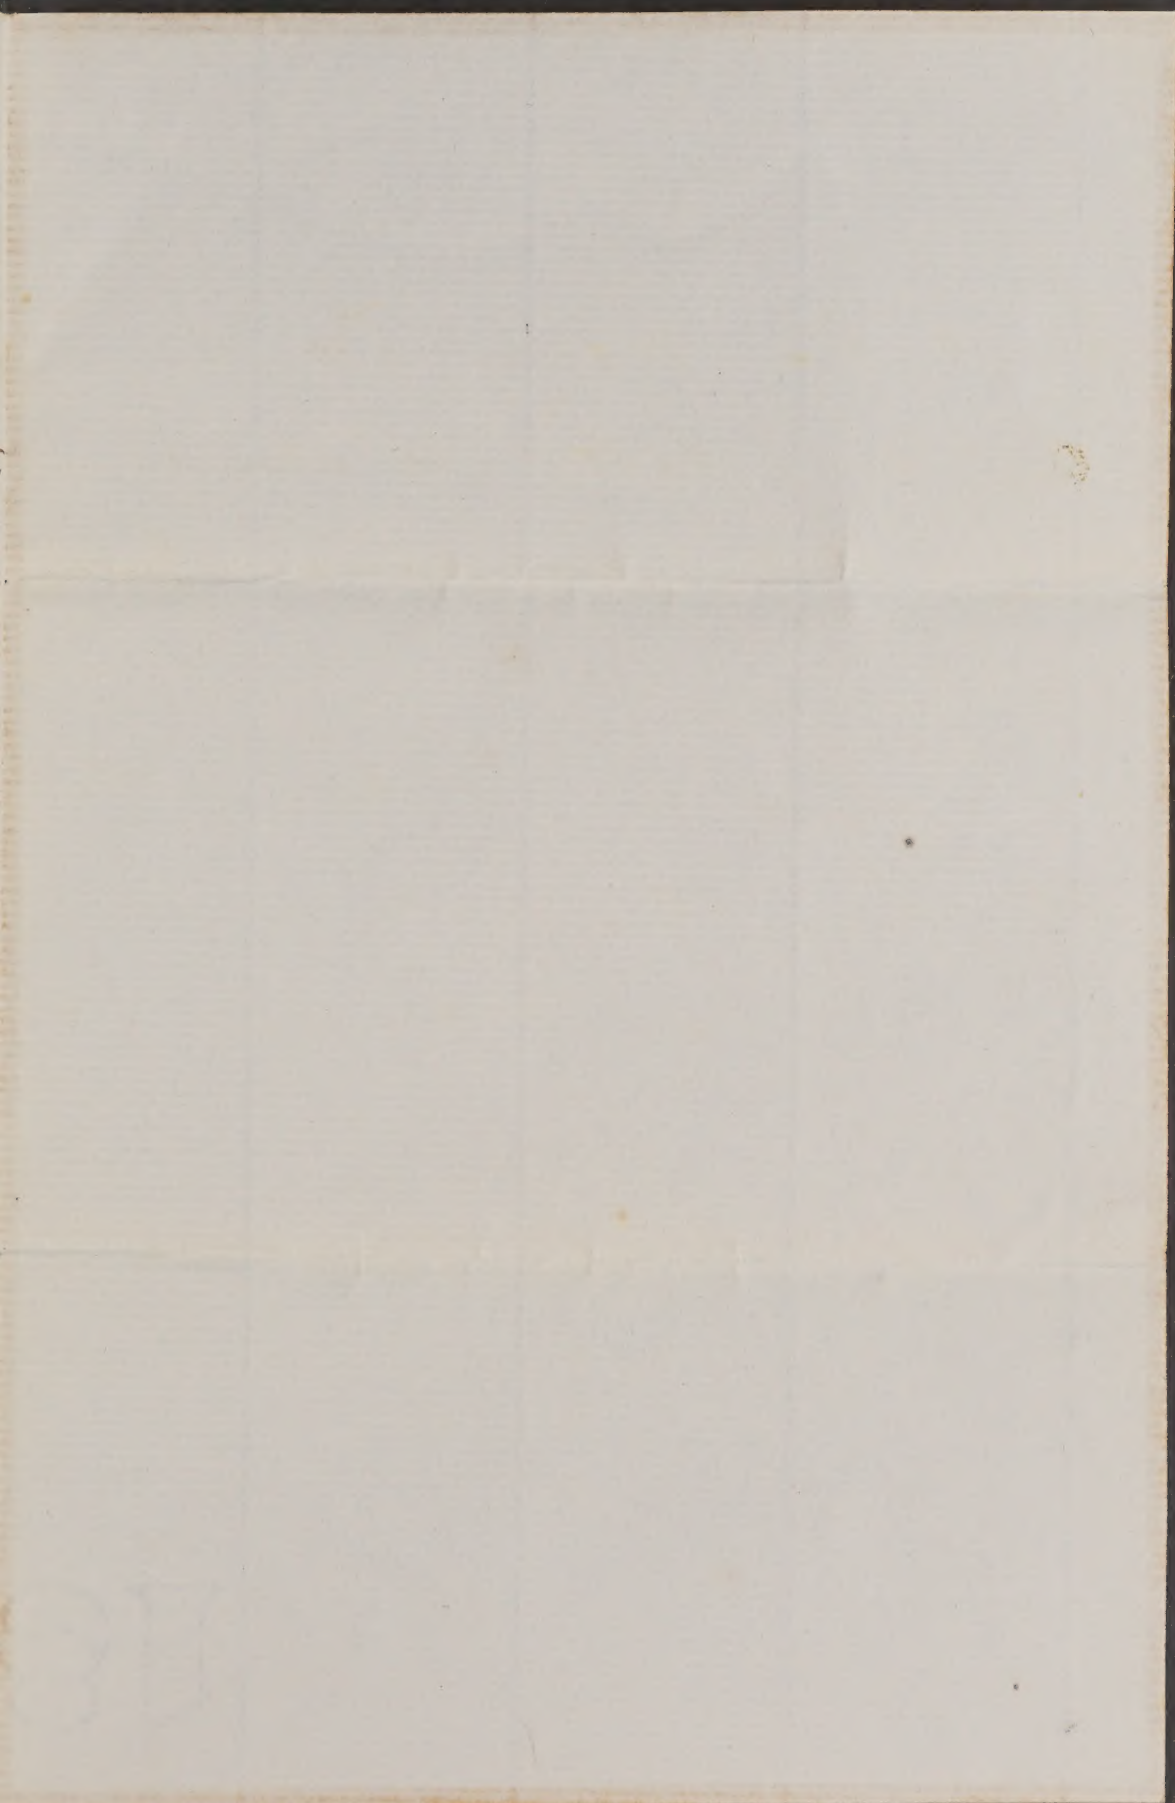

I will write to Mr Thorne

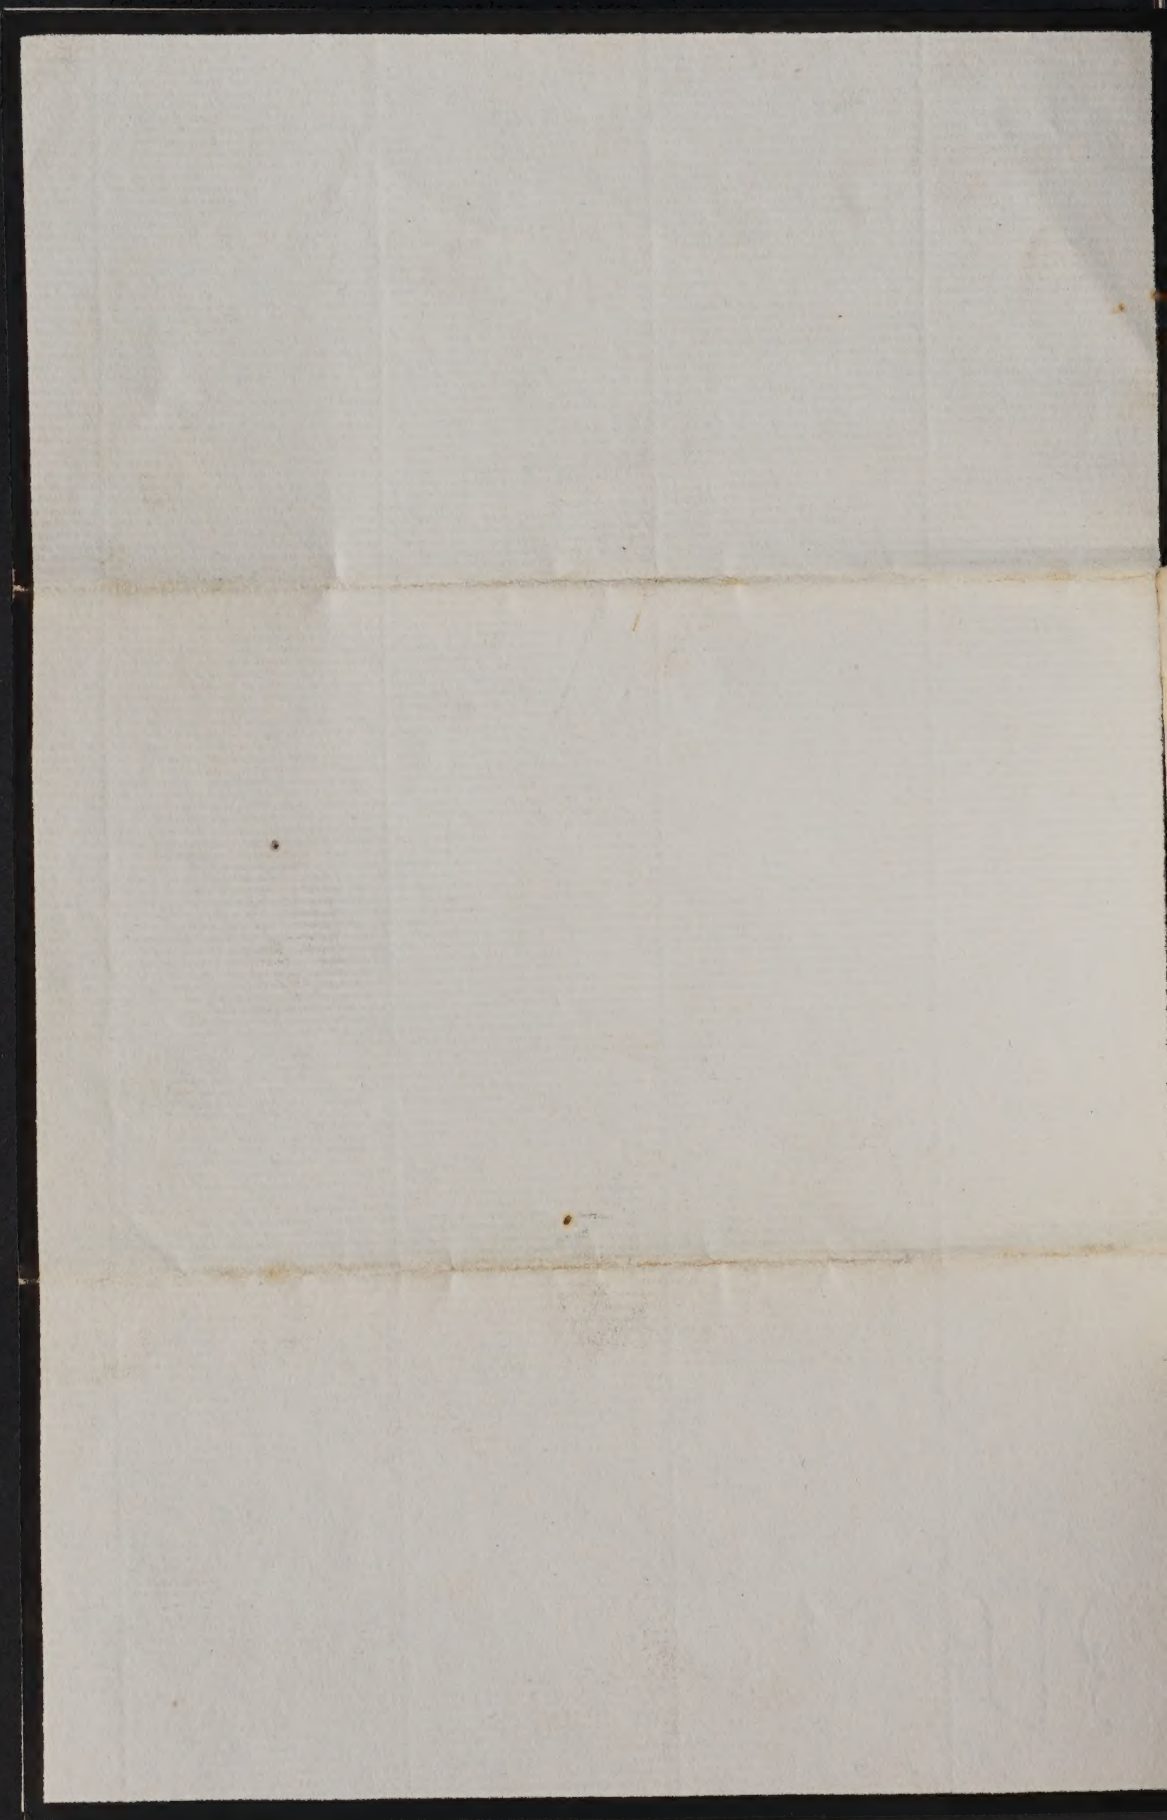

about the merry Devil,  
For it is better he should not  
know that you come from  
me.

I shall be in town after  
the Kings funeral  
most truly yrs

Deomshire.
